

COMFORTMILK

Powder

Description

HiPP Comfort milk is a food for special medical purposes that should be used under medical supervision for the dietary management of colic and constipation in infants. It is a nutritionally complete formula that has been specially developed with reduced lactose content, partially hydrolysed protein, fibres and a special fat blend to make the milk easier to digest than a standard infant formula.

HiPP Comfort milk can be used from birth onwards as the sole source of nutrition for your baby, or as part of a varied weaning diet from around six months.

Contra-indications

- ♥ Not suitable for intravenous use
- ♥ Not suitable for cows' milk protein or fish allergy
- ♥ Not suitable for lactose intolerance
- ♥ Not suitable for vegetarians

Pack format and product code

HiPP Comfort milk is available 800g packs.

Product code: HiPP Comfort milk – **GB2314-02**

Preparation

HiPP Comfort milk powder requires mixing with boiled water cooled to no less than 70 degrees C, then further cooled before feeding to babies. It can be administered from a bottle or feeding cup as appropriate. Please ensure that all preparation instructions on the packaging are followed carefully. As this is a slightly thicker formula than standard infant milks, use a fast-flow teat on the bottle.

Scoop weight - approx. 4.3g Standard dilution – 12.8g (3 scoops) + 90ml water (12.8% dilution)

Storage

Packs should be stored in a cool, dry place; do not refrigerate, and use contents within three weeks of opening.

Ingredients

Lactose, maltodextrin, vegetable oils (palm oil, rapeseed oil, sunflower oil), starch, beta-palmitate² (from palm oil and sunflower oil), hydrolysed **whey** protein, galacto-oligosaccharides from **lactose**, calcium salts of orthophosphoric acid, emulsifier citric acid esters of mono- and diglycerides of fatty acids, potassium chloride, **fish** oil, choline, Mortierella alpina-oil, L-phenylalanine, L-tyrosine, potassium hydroxide, magnesium carbonate, sodium citrate, sodium hydroxide, sodium selenite, L-tryptophan, vitamin C, calcium carbonate, L-histidine, zinc sulphate, inositol, potassium iodate, ferrous sulphate, L-carnitine, vitamin E, pantothenic acid, niacin, cupric sulphate, vitamin B1, vitamin A, vitamin B2, manganese sulphate, vitamin B6, calcium-L-methylfolate⁴, vitamin K, D-biotin, vitamin D, vitamin B12.

2 – special structured fat

4 – calcium-L-methylfolate = Metafolin®

Allergens: see ingredients in **bold**

Source of protein: partially hydrolysed whey protein (from cows' milk)

Important Notice: Breastfeeding is best for babies. It is recommended that HiPP comfort milk is only used on the advice of a doctor, midwife, health visitor, public health nurse, dietician or pharmacist. Do not use if baby is allergic to cows' milk or suspected as such.
